

Deathbot, Hit The Lights

Hit the lights and say goodnight
Close those doors and breathe your sighs
Climb those stairs and shut your eyes
I'll tell you soon it will be alright

The sky ain't falling down

Hit the streets and say goodbye
Grab your coat it's by my tie
I'll hail a cab for your ride
I'll tell you soon it will be alright

Cause the sky ain't falling down

(alright)
