

# Deathbot, Rock Your Body

Take your time change your mind  
Everybody's coming  
Hey hey you've gotta see

In the corner and we're tripping  
Everybody's kicking  
Hey hey you've gotta believe

Rock your body  
Start the fucking party  
Everybody's screaming for me  
Hey hey hey

Turn around hear the sound  
Everybody hit the ground  
Tell me is this what you need

Light me up pick me up  
Break me down shoot me up  
Hey hey it's what I need

So rock your body  
Start the fucking party  
Everybody's screaming for me  
Hey hey hey
