

Deathbot, Rock Your Body

Take your time change your mind
Everybody's coming
Hey hey you've gotta see

In the corner and we're tripping
Everybody's kicking
Hey hey you've gotta believe

Rock your body
Start the fucking party
Everybody's screaming for me
Hey hey hey

Turn around hear the sound
Everybody hit the ground
Tell me is this what you need

Light me up pick me up
Break me down shoot me up
Hey hey it's what I need

So rock your body
Start the fucking party
Everybody's screaming for me
Hey hey hey
