

# Debelah Morgan, Dance With Me

(Chorus)

Oh come and dance with me, my baby  
Let's dance, till we go crazy  
The night is young and so are we  
Let's make love and dance the night away

(Verse 1)

What I really wanna do  
Is just dance with you  
And feel your body tight  
Show ya how to do it right  
I can show you every move  
I know just what to do  
Each step we do is so fine  
One dance and you'll be mine  
So baby when we hit the floor  
You'll be asking for more  
Let's make love and dance the night away

(Chorus)

Oh come and dance with me, my baby  
Let's dance, till we go crazy  
The night is young and so are we  
Let's make love and dance the night away

(Verse 2)

Oh put your hand in mine  
Promise I'll take my time  
We'll dance from head to toe  
I can dance fast or slow  
Baby look into my eyes  
Let the music hypnotize  
Let our bodies synchronize  
When we're dancing you'll be mine  
So baby when we hit the floor  
You'll be asking for more  
Let's make love and dance the night away

(Chorus)

Oh come and dance with me, my baby  
Let's dance, till we go crazy  
The night is young and so are we  
Let's make love and dance the night away

(Bridge)

Oh when it comes to dancing  
I know how to move  
When it comes to passion  
I know just what to do  
I feel the music inside  
I feel like I am alive  
The tempo is right  
Let's make love

(Chorus)

Oh come and dance  
Let's dance  
The night  
Let's make love and dance the night away
