

# Debelah Morgan, Fly Away

(Danny Sembello, Marti Sharron)

From the moment we kissed  
And I touched you  
I found heaven here on this Earth  
We never let anyone come between us  
Why you're losing your faith  
In this world, 'cause I know  
Yes I know there's a place in the sun  
Just for you and for me  
And I know we're too here  
But together we'll find  
All the magic we share  
Leave your problems behind  
Fly away  
Where our love is all that matters  
Fly away baby  
Fly away  
Where our hopes and our dreams won't shatter  
Fly away  
I can't keep living like this, no day after day  
We can still make a change, baby if we just fly away  
Fly away  
Let me hold you in my arms  
Forever  
And with every breath that I breath  
I'll take away all of your disappointments  
All you have to do is  
Just believe, 'cause I know  
Yes I know there's a place in the sun  
Just for you and for me  
(Just for you and for me)  
And I know  
You know close to you, where I wanna be  
Way above the stars  
Like birds on are free  
Fly away  
Where our love is all that matters  
Fly away  
Fly away  
Where our hopes and our dreams won't shatter  
Fly away baby  
Fly away  
Where the feelings feel unopened  
Fly away my baby  
Fly away  
Where heaven is a heart that is broken  
Fly away my baby  
'Cause when I'm hurting inside  
And I can hardly get by  
You know I won't feel back in my arms  
To see you smile  
Makes life worthwhile for me  
I finally found it all in you  
Fly  
(fly away fly away fly away fly away)  
Fly away my baby  
(fly away fly away fly away fly away)  
Baby we can fly away  
Where our love is all that matters  
Fly Away...
