

DecembeRadio, Live & Breathe

I found faith in your eyes
I found a way to be hypnotized
by your love, all the things you do
you died for me so I'm living for you
I live and breathe for you
there's nothing I wouldn't do
I live to worship you
I'd walk a thousand miles
oh just to see you smile
I live to worship
I live to worship you
I just feel like I'm alive
my heart is changed
I'm never gonna be the same
I'm gonna raise my hands up to the sky, to the sky
you died for me so I'm living for you
I live and breathe for you
there's nothing I wouldn't do
I live to worship you
I'd walk a thousand miles
oh just to see you smile
I live to worship you
I worship you, Lord
can't wait to see your face, shine your light on me today
I can't wait to see your face, shine you light on me
I live and breathe for you
there's nothing I wouldn't do
I live to worship you
I'd walk a thousand miles
oh just to see you smile
I live to worship
I live to worship you
I live and breathe for you
oh, oh, yeah!
