

Decoded Feedback, God's Sin

Everyday
of our lives
someone lives
someone dies
what is wrong
what is fair
what the hell
nobody cares

its god's sin
its god's sin
how cant you see
its god's sin

who will live
who will die
we are all in line
waiting in line
touched by the hand of god
touched by the hand of god
we've got to know
we've got to know
it's god's sin
it's god's sin
why can't you see
it's god's sin

god's sin
a cross burning
in the wind
god's sin
a cross burning
in my dreams
