

Decoded Feedback, Slut-Trash

Streetlights
Loud buzzing noise
Young flesh is down
for sale tonight
Cold eyes searching
for tenderness
You never felt this way
You never felt this cold as
Tonight the end is near
Everything seems so clear

Slut-trash
Life is standing still
Slut-trash
You never felt so real
Slut-trash
Life is giving you a child
You never felt so cold
You never felt so real

Fuck slut-trash fuck
I know who you are
You'll never get away from here
Run slut-trash run
You'll never find the end
The tunnel is a hole
You never felt this way
You never felt this cold

Now the end is near
Everything seems so clear
