

# Decyfer Down, Walking Dead

Pull the trigger now, end me,  
Mark me for the kill,  
Like I marked your hands your feet,  
I spilled all your blood, flowing deeper,  
To suffocate the sin, till I'm drowning you again

(Chorus:)  
I am so alive, since you took my life  
I'm walking dead now, only you remain  
I take the life you gave, I walk from the grave  
I'm walking dead now, I am not afraid!

Stabbing deeper now, spill me,  
My body left for dead,  
Like I pierced your side until it bled,  
Now the blood flows freely,  
It fills me till I see, that there's nothing left of me

(Chorus:)  
I am so alive, since you took my life  
I'm walking dead now, only you remain  
I take the life you gave, I walk from the grave  
I'm walking dead now...

(Chorus 2x)
