

# Deep Purple, Anthen

(Lord/Evans)

When the night wind softly blows through my open window  
Then I start to remember the girl that brought me joy  
Now the night wind softly blows sadness to tomorrow  
Bringing tears to eyes so tired  
Eyes I thought could cry no more

If the day would only come  
Then you might just appear  
even though you'd soon be gone  
When I reached out my hand

If I could see you  
If only I could see you  
To see if you are laughing or crying  
When the night winds softly blow

In my dark and whispering room  
Memories still bring me a numbness to my feelings  
Take my hand and brush my brow  
In the warm and fevered dark  
Heart is madly beating  
My crazy thoughts are burning  
When the night winds softly blow

If the day would only come  
Then you might just appear  
even though you'd soon be gone  
When I reached out my hand

If I could see you  
If only I could see you  
To see if you are laughing or crying  
When the night winds softly blow

If the day would only come  
Then you might just appear  
even though you'd soon be gone  
When I reached out my hand

If I could see you  
If only I could see you  
To see if you are laughing or crying  
When the night winds softly blow
