

Deep Purple, Maybe I'm A Leo

Peeping round the door i got a big surprise
Couldn't see a thing but open skies
They've taken her away where is she now

Wish that she was here wish she'd hold my hand
Maybe she could laugh maybe understand
Why was i so cruel where is she now

Acting like a fool i had to make her cry
Maybe i'm a leo but i ain't a lion
I'm hurting oh so bad, i want her now
