

# Deep Purple, You Keep On Moving

(coverdale/hughes)

You keep on moving  
Far away, far away  
You keep on moving  
Far away, far away  
Everyday, wheels are turning  
And the cry... still returning

Dawn will soon be breaking,  
The day has just begun.  
You put your arms around me  
Like a circle 'round the sun.  
Dance across the seasons  
To a place that no one knows  
Where angels fear to tread...
