

Deep Purple, You Keep On Moving

(coverdale/hughes)

You keep on moving
Far away, far away
You keep on moving
Far away, far away
Everyday, wheels are turning
And the cry... still returning

Dawn will soon be breaking,
The day has just begun.
You put your arms around me
Like a circle 'round the sun.
Dance across the seasons
To a place that no one knows
Where angels fear to tread...
