

Deerhoof, Jagged Fruit

Thinking about a boy who sings yesterday
Talking about girlie things that's today
My life won't start

Hating you and everyone yesterday
Liking you and everyone that's today
I can't decide

Get your hands of pockets hooray
Take a break, look up, and say yeah way
Get your hooves out of control uu yey
Shake your head step outside
Take a left golden green
Left is right on your side

Massive dot bling bling moon

Gimmie gimmie shining to my eyes
History's chirping for your part
Gimmie gimmie shining to my eyes
