

Def Leppard, Pearl Of Euphoria

Your price, name the time
The suspect or the crime
The shadow of my gun
Get down or you can run

Feed the demon, kiss the flame, feel your desire
Empty room, turn the key
You're never alone
When you're with me

Temptation, break the vow
Cut flesh from the sacred cow
Unchain the tiger, kiss the flame, feel your desire
Feed the demon, kiss the flame, feel your desire

Soaked in fear, the curtain falls
Religion within these walls
Mystify my soul beliefs
Confession is my release

Feed the demon, kiss the flame, feel your desire
Unchain the tiger, crucify, feed your desire
Pearl of euphoria
Pearl of euphoria
