

# Deftones, Mascara

i feel soon i will sink into you  
what do you think cause  
there's still blood in your hair  
and i've got the bruise of the year  
but there's something about  
her long shady eyes  
i'm all about her shade tonight  
i hate your tattoos you have weak wrists  
but i'll keep you well it's too bad you're married to me.
