

Deftones, Street Carp

It's not that I care
(truly)
but you're that girl
(with sharp teeth)
who grabs at the walls
(and pulls meat down)
well here's my new address
6 6 4 oh
I forget
it's not like I care
(truly)
but you're that girl
(with gold teeth)
who snaps at the walls
(and won't calm down)
well here's my new address
6 1 5 oh
I forget
there's all your evidence
now take it home run with it
now write it down
did you get it?
well here's my new address
6 6 5 oh
I confess
there's all your evidence
now take it home and have fun with it
