

Deftones, Xerces

Universe surrounds,
When your ready
It waits for us to leave this earth
Come on,
Their calling the name out

I dont know I could stay or leave
Either away
Cause a comet could take us all away through

Goodbye
Say heaven, noo noooo ohhhh
I'll be waiving, goodbye

Return to see everything looks the same
I dont know if the change made was great
Cause the craving was made the same

Goodbye
Say heaven, noo noooo ohhhh
I'll be waiving, goodbye

I'll be waiving,

Goodbye...
