Deftones, Xerces

Universe surrounds, When your ready It waits for us to leave this earth Come on, Their calling the name out

I dont know I could stay or leave Either away Cause a comet could take us all away through

Goodbye Say heaven, noo noooo ohhhh I'll be waiving, goodbye

Return to see everything looks the same I dont know if the change made was great Cause the craving was made the same

Goodbye Say heaven, noo noooo ohhhh I'll be waiving, goodbye

I'll be waiving,

Goodbye...
