

Deine Lakaien, Love Will Not Die

Waiting for the dawn
Waiting for the night
Waiting for the dawn
Waiting for the night
The day's too long
The day's too bright
The day's too long
The day's too bright
Love me,
love me to the end

this man pursues
a dagger in his hands
this man pursues
a dagger in his hands
Yet he will never
get into our land
Yet he will never
get into our land
Love me,
love me to the end

Fall down by my side
down in my arms
fall down by my side
down in my arms
this night forever
no morning will come
this night forever
no morning will come
Love me,
love me to the end
Love me,
love me to the end
Love me, love me....
