

# Del Reeves, Plain As The Tears On My Face

You just called me up to break our date  
And it's happened so much here up late  
I'm losing you yes that must be the case  
It's just as plain as the tears on my face

Just as plain as the teardrops that I cry  
It won't be very long until you say goodbye  
Somebody new has been taken my place  
It's just as plain as the tears on my face  
[ piano ]  
Just as plain as the teardrops...
