

Del Tha Funkee Homosapien, Situations

Diesel
back to rap to y'all
unloading
a lot off my chest
no sense in
holding
onto it, ya know?
Keep it rolling
while some walk around like
"gimme, you owe me"
Not kidding
I mean totally
lost in self denial
full of bologna
So mean
always mad and loathing
everything surrounding
Just sucking
everybody energy up like
protein
Gossiping
lots of them don't even know me
posing, fraudulating
whole scenes
for the viewing pleasure
of those with
no things
to occupy themselves
and keep 'em growing
but y'all know me
I see no need
to stifle your thing
especially if we homies
but if that's the way it's gonna be
so be it
No grievance
I don't feel my soldiers

I mean just situations that we go through
but you can't let emotions control you
Fools will go and try to throw you
cuz they know its a way to control you
they say I'm cold but I told you
I've got goals I focus on the whole view

D-E-L y'all I'm tellin' y'all
it's no beef
why the owner solo creek
fools keep
shit on the slunder
but I'm a go deep
I mean so deep below
behold the whole sea
Soul seek
visualize and peep the choral reef
That goes for those
who feel they so elite
So weak
about how shit supposed to be
y'all dopes to me
sit back insultin' me
but you don't get more votes than me
I outshine
you don't generate as many votes as me

Still I could cut the lights
I'm low key
But that don't stop the hoes
they nosy
You know how hoes be
they think they pussy gold
please
I told her please
you chose me
to get close to me
to get dough from me
I ain't buying it
and now you feel alone and weak
went from "daddy" to ignoring me
went from ignoring me to ordering me
um, went from that to tryin' to throw with me?
Now you gotta go
you gonna ho the streets
And you mama said
"no, she know more than me"
so you can't go home and sleep
and D ain't givin' up dough to freak
and ya know that

I mean just situations that we go through
but you can't let emotions control you
Fools will go and try to throw you
cuz they know its a way to control you
They sleep, they reap below you
you can tell they emotions show through
they say I'm cold but I told you
I've got goals I focus on the whole view
just situations that we go through
but you can't let emotions control you
Fools will go and try to throw you
cuz they know its a way to what? control you
uh
They sleep, they weep way below you
and you can tell they emotions show through
now they say I'm cold but I told you
I've got goals I focus on the whole view
just situations that we go through
but you can't let emotions control you
Fools will go and try to throw you
cuz they know its a way to control you
They sleep, they weep below you
you can tell they emotion show through
they say I'm cold but I told you
I've got goals I focus on the whole view
