

# Demi Lovato, Who Will I Be

Ohhh...

Yeah.Yeah.Yeah.Yeah!

How to choose?

Who to be?

Well, let's see

There are so many choices now.

Play guitar, be a movie star.

In my head are voices

Why not, try everything?

Why stop? reach for any dream!

I can rock, cause it's my life.

And now's the time,

Chorus:

Who will i be?

It's up to me

All the never ending possibilities

That I can see

There's nothing that i can't do

Who will i be?

Yes, I believe

I get to make the future what I want to

If I could become anyone and know the choice is up to me

Who will I be?

Yeah yeah..

If I decide,

I'm the girl to change the world

I can do it anytime.

Opportunity right in front of me

And the choices,all mine

Why not, try everything?

Why stop? reach for any dream!

I can rock, cause it's my life.

And now's the time,

Chorus:

Who will i be?

It's up to me

All the never ending possibilities

That I can see

There's nothing that i can't do

Who will i be?

Yes, I believe

I get to make the future what I want to

If I could become anyone and know the choice is up to me

Who will I be?

I wanna find out who I am inside.

Who will I be?

I wanna show the, the way that I can shine...

Yeah...Oh yeah..yeah..

Chorus:

Who will i be?

It's up to me

All the never ending possibilities

That I can see

There's nothing that i can't do

Who will i be?

Yes, I believe

I get to make the future what I want to  
If I could become anyone and know the choice is up to me  
Who will I be?

Ohh..who will I be?  
Who will I be?
