

# Demis Roussos, Sing An Ode To Love

See the children playing,  
Hear the sounds of virgin minds  
Come hear what they're saying  
They're's so much to find

Count how many pages  
Hoped and dreamed with clovers found  
Reading different phrases  
One wish going 'round

Friend, come stand beside me  
Hear the words for my amusement  
Friend, come walk beside me  
There's so much to do

Sing the song so clearly  
Make the words rise up above  
Me, we try sincerely  
Sing an ode to love

Make your heart a shelter  
For someone whose love is late  
Make the sun shine brighter  
With each word you sing

Sing the song so clearly  
Make the words rise up above  
Me, we try sincerely  
Sing an ode to love

Sing an ode to love
