

Demon, A Step Too Far

Standing out in wastes of time
Deals where made while you're away
Your part's in the answer
To it all
To it all
Run free you spaced out monkey
Run free you superman
A shining example to us all
Destination has no matter
Gravity can't take the weight
You wait in the slipstream
To be called
To be called
Run free you spaced out monkey
Run free you superman
A shining example to us all
