

# Denis Leary, Save This

One, two, three

I have no head for figures  
My hands cannot explain  
Endangered animals and acid rain

I see dead rivers running dry  
I see activists who march and cry  
How they cry singin'

Why, must we desecrate this land?  
I'll tell you why: Because we can!  
That's why

Save the whales, save the seals  
Save the eagle, save the bison and the beach  
Why not save your breath

Save the porpoise, save the dolphin  
Save the gerbil, save the racoon and the rat  
Why not save some stamps

I am a human, I'm a goddamn human being  
I walk erect

See the cheetah, oh so supple, lean and quick  
As he chases a gazelle  
But he can't drive a car  
At least not very far

I am a human, I'm a goddamn human being  
I can pay for sex

"Hey! There's a great show on the Discovery Channel tonight,  
the history of the badger."  
"Hmm, I wonder what badger tastes like?"  
"I don't know, probably tastes like ferret."  
"Wow, you've had ferret?"  
"Yeah."  
"What's it taste like?"  
"Chicken."

I am a human, I'm a goddamn human being  
I can wipe my ass

What gives mankind the right to kill, at will?  
I'll tell you what: Guns!  
Big fuckin' guns, with giant fuckin' bullets pal!

I am a human, I'm a goddamn human being  
I can shave my balls

"Where are those cheeseburgers we ordered, man? Huh?"

-----

"Goodbye Mother T... And it seems to me you live your life like a Gandhi in the wind, never k  
This is great! This is better than the Princess Di thing."

I drink, and I drive  
I'm the only one in my car that gets out alive  
Ted Kennedy...

"Vagina... that's a good word."

&quot;Penis.&quot; (repeated a few times)
