

Denison Witmer, You And Me

You would not believe how this came up
Two apartments echo in downtown
A picture of you sleeping in my chair
I sang songs for you because I cared

About you and me
You and me

Don't tell me that I'm the clever one
We live like it's all been said and done
And everything I say now feels contrived
I just want you to believe I tried

I tried hard for you and me
You and me

There's a little section of my town
That reminds me of the place you live
Cherry blossoms blow out of the trees
I get lost but I know what I've seen
