

Deniz Kurtel, Wake Me Up (Ft. PillowTalk & Thug

I've never met a girl like you
Searching world for you
All I do is thinking of you
I do
I've never met a girl like you
Waiting my live for you
All I do is thinking about you

Why can't be so simple now, girl?
Why you hate make everything
Hold on me!
I know love don't come easy
But please believe me
When I see
I've been looking for a girl like you
Waiting all time for you
Tell me what you gonna you
I've been dreaming for a girl like you
Hoping my dreams come true
Wake me up and say:
I do, I do!

I've never met a girl like you
Searching world for you
All I do is thinking of you
I've never met a girl like you
Waiting my live for you
All I do is thinking about you

Now you know if I say yes or true
Give me one chance, girl
Talk to you
And I try, I try, I try
Please, give me last one chance
