

# Depeche Mode, Ghosts Again

Wasted feelings  
Broken meanings  
Time is fleeting  
See what it brings

Hellos, goodbyes, a thousand midnights  
Lost in sleepless lullabies

Heaven's dreaming  
Thoughtless thoughts, my friends  
We know we'll be ghosts again

Sundays shining  
Silver linings  
Weightless hours  
All my flowers

A place to hide the tears that you cried  
Everybody says goodbye

Faith is sleeping  
Lovers in the end  
Whisper we'll be ghosts again

Heaven's dreaming  
Thoughtless thoughts, my friends  
We know we'll be ghosts again  
Faith is sleeping  
Lovers in the end  
Whisper we'll be ghosts again
