Depeche Mode, Master And Servant

There's a new game We like to play you see A game with added reality You treat me like a dog Get me down on my knees We call it master and servant We call it master and servant It's a lot like life This play between the sheets With you on top and me underneath Forget all about equality Let's play master and servant eLt's play master and servant It's a lot like life And that's what's appealing If you despise that throwaway feeling From disposable fun Then this is the one Domination's the name of the game In bed or in life They're both just the same Except in one you're fulfilled At the end of the day Let's play master and servant Let's play master and servant Let's play master and servant Come on, master and servant
