

# Des'ree, Mind Adventures

Many lifetimes have I seen, all are vivid in my dreams  
Different stories, different themes  
Mind adventures

Many mountains have I climbed, to kiss the sky of sweet July  
Exotic birds go flying by  
Mind adventures, yeah yeah

Would you like an invitation, to my destination  
It ain't hard its easy to find  
I won't beg or buy ill borrow love, hey what are you thinking of  
Adventures take place in my mind

Many stories I've been told by wise men young and some are old  
They were strong and they were bold  
Mind adventures  
Many seasons have I seen, unconventional indeed  
In places they have never seen  
Spring or summer

Futuristic I may be, I don't feel differently  
About strange things I hear and see  
Mind adventures  
You may have eyes you may not see, you may possess dry chemistry  
These mean nothing much to me  
Mind adventures, ooh wee

Mind adventures they will set you free  
It's easy as you'll see  
Mind adventures they will set you free, its easy and you'll see  
Ooh ooh, yeah yeah, aiy aiy, eee eee
