

Destiny's Child, Bad Habit's

[Kelly]

How many times

Are you gonna apologize about the same thing

And how many times can I take you back

When I'm not the one that's doin' wrong

(When I'm not the one that's doin' wrong, yeah)

I thought maybe if I started prayin'

That we would get better, but

When I would pray the answer would always come back to me bein' done

But we are so hard headed when we're in love

So I

[Chorus]

I told myself that I would make some changes

But the more I change there's one thing that remains the same

I can't seem to shake ya

You seem to really have a hold on me

And everytime that we break up

We turn around and make up

This can't go on now

I gotta move on now

It's not the fact that I don't love you no more

But I gotta break this bad habit

Can't take his bad habit no more

[Kelly]

I'm totally out of my element

Learnin' new ways to live, while your in a comfort zone

Not even thinkin, (you couldn't think about me) to call

And then when I get mad you buy me gifts

Thinkin' it's gonna solve every issue

From the girl callin my phone, to the pictures that I saw

And every time you would break up with me for nothing at all

I've takin all I could take (I've takin all I could take)

But the way I live has gotta change, oh

[Chorus]

[Bridge Kelly]

Let me break it down

Have you ever loved somebody

So much that you was just to blind to see

Past, all of the pain they was causin' you

Ladies do you feel me (do you feel me)

Have you ever loved somebody

So much that you went against the right things that you should do

Then it's time to make a change

So I

[Chorus]
