Kelly
Now I need you
I never thought this would come
I never thought I could see you
But my hearts all upside down

Beyonce
You came into my life
Gave some bad advice
Now your thinkin Im wrong
So now shes the one you call

Chorus
Now its time
To say good-bye
The more and more
I need you

I love you
I love you so much
So much that i need you

Beyonce
Wow its over

Now Im fallin
In love

Michelle
What will we do
When i need you so bad
Times that will come
And be again
