

Destroy!, Atomic Myopia

Three mile island, Chernobyl
Tip of the iceberg
Capitalism communism alike
Sacrifice the environment
Health of the people is sacrificed
To amass power and profits
For the privileged few

Nuclear power and weapons
Inextricably linked
Man's perceived mastery over nature
Perceived mastery over his foes

Waste and nuclear subst
Poisoning the seas
Cancer and pollution
Thousand years legacy
From Chernobyl to Puerto Rico
Unsafe reactors stand
Silently killing
Leaking radiation
