

dEUS, Divebomb Djingle

It is a waterproof
Windproof
I love youf
I'm-on-the-roof-kind-of-a-way

We're in the grillroom
With the groundwork
You stain your skirt, skirt
I love your hairdo, I hate your way

Yes, that's the price you pay..!!! (x4)

I'm just a shipboy
I pay my shiptoll
And every shipday
I take a shipstroll
out on the deck

It's complicated
I underrated
But now I made it
Might it be a bit O.K.?

No, that's the price you pay..!! (x4)

'I'm feeling weary'
He said to Larry
'I'm gonna O.D.
I hit the roadie
I'm in a popband'

He said 'Remember James Dean
was looking pristine
in comes the benzine
out goes the rebel without a grant
.. but with a fanzine'

Yes, that's the price you pay..!!! (x4)

Just like a dive-bomb
you're gonna dive son
ain't nothing won hon'
Until it's done done
Look out for the quake

Check out the ceiling
there's nothing healing
Your life is peeling
I know the feeling
you just wanna break (x2)

No, that's the price you pay!!!...!!! (x4)

I'm just a shipboy
I pay my shiptoll
And every shipday
I take a shipstroll
out on the deck

It's complicated
I underrated
But now I made it
Might it be a bit O.K.?

No, that's the price you pay !!!!!
