

dEUS, Lets Get Lost

Let's get lost...
all right, all right
Let's get lost...
all right

You know
a place
where we can go

ask your money
get your money
on a stool

Let's get lost...
all right, all right
Let's get out...
and hold me some more

It's crazy, it's crazy, it's crazy, it's crazy, crazy
In my own words

See you dancin' in your own damn rain
Take it in and take it back again
Looking nova when your fashion's old
It's kinda early but the story's told
