

# dEUS, Lets Get Lost

Let's get lost...  
all right, all right  
Let's get lost...  
all right

You know  
a place  
where we can go

ask your money  
get your money  
on a stool

Let's get lost...  
all right, all right  
Let's get out...  
and hold me some more

It's crazy, it's crazy, it's crazy, it's crazy, crazy  
In my own words

See you dancin' in your own damn rain  
Take it in and take it back again  
Looking nova when your fashion's old  
It's kinda early but the story's told
