

dEUS, Nine Threads

Stone go slow,
Find the right moment to stop the show
The nighttime gets weary of implications afterglow.
Thinking: "Easy come, easy go"
You got here too late, it's often so.

I guess that's why
I hope I get old before I die
Admit it turned out okay for someone who didn't try.
Thinking it's time to get a hold
You got here too late, it's always so.

It's always so
So. (3 times)
