

# Devendra Banhart, See Saw

Your head's a see saw  
It sees and then some  
And i'll get some extra fingers growing  
Yeah get some extra fingers growing  
In, in, in

Your eyes are ramble  
Light of candle  
Now get some amber fluid flowing  
Get some amber fluid flowing

Your lips are greying  
And your mouth is saying  
Get some other diamonds sparkling  
Get some other people talking

You young dumb ripe thing  
You're brave and you're antsy  
You strong lunged new thing  
You're here to get this baby dancing  
You're here to get this baby dancing  
You're here to get this baby dancing  
You're here to get this baby dancing  
You're here to get this baby dancing  
You're here to get this baby dancing

I always knew  
I always knew  
I always knew
