

# DevilDriver, I Dreamed I Died

Destroy all or nothing

I dreamed I died, ended up at the gates of Heaven  
Greeted by a man Saint someone, said how's the ride son?

It's been alright, at times a little rough, why am I here?  
You did alright, lived a little dark and that's alright

'Cause we made the darkside and the rightside is to have no fear, no fear

My whole life flashed in front of me

I saw

everything that I was and what I had done

Even let me look back on some good times for a little fun

Yes, a little fun

And

then I heard damn boy you done good

Did the every little thing that you could

And then I heard damn boy you done good

Damn

good

When you hear the call, bury them all

Destroy all or nothing

When I hear the call, I will bury them all

I will

destroy all or nothing

When the sky opened up and the clouds parted clear

There wasn't any doubt to why I was here

And I

knew I'd done a good job, the best job that I could do

So now it was time to move on, to get on, to get back

To the question

of why I was here and what I had learned, no fear

My whole life flashed in front of me

I saw everything that I was and what I

had done

Even let me look back on some good times for a little fun

Yes, a little fun

And then I heard damn boy you done

good

Did every little thing that you could

And then I heard damn boy you done good

Damn good

When you hear the call, bury

them all

Destroy all or nothing

When I hear the call, I will bury them all

I will destroy all or nothing

My whole life

flashed in front of my eyes

Goddamn, wake up, bad dream, bad dream

When you hear the call, bury them all

Destroy all or

nothing

When I hear the call, I will bury them all

I will destroy all or nothing
