

# DevilDriver, Nothing's Wrong

Theres nothing wrong  
With what you do and what you say  
Theres nothing wrong  
Pure will will get you through  
Why cant you see youre in my way?  
Your ways are killing you  
Do what thou wilt  
Shall be the whole of the law  
Do what thou wilt  
All they understand is the claw  
Why cant you see youre in my way?  
Your ways are killing you  
Why cant you see youre in my way?  
Your ways are killing me  
Killing me  
Killing you  
So go fuck yourself anyway  
Keep this hunger  
Theres nothing wrong  
With how I live my life today  
Theres nothing wrong  
So go fuck yourself anyway  
Why cant you see youre in my way?
