

Dia Psalma, Big Brother L?ten 2003

Im living in this place
I struggle everyday
sometimes easy, sometimes hard

Now I know what it's all about
I have nowhere to hide
Living with strangers, back to basics
learning how to survive

Now I need now one to stand by me

Cause I feel alive
knowing what I feel inside
I can speak my mind
tell me bout the human inside
If you now what I mean then you
know what I'm up to
I say what i feel then i'm in
control this time

The felochip that we have
will last for a long, long time
togheter we have so much fun

It's a party everyday
the happyness will stay
So turn on youre tv I
know you can se me
Im giving you my life

Now I need now one to stand by me

Cause I feel alive
knowing what I feel inside
I can speak my mind
tell me bout the houman inside
If you now what I mean then you
know what I'm up to
I say what i feel then i'm in
control this time

Cause I feel alive
knowing what I feel inside
I can speak my mind
tell me bout the houman inside
If you now what I mean then you
know what I'm up to
I say what i feel then i'm in
control this time
