

# Diana Ah Naid, Paper Hat

If all was said between us just as we thought it-for once  
You'd understand me, you'd be a lot more friendly  
And I'm just speechless all of a sudden  
And you ask if I'm ok, I had a really bad day  
You'd want a better reason than that  
I said I would share my paper hat  
If walls could smile they'd be just like me I guess  
'cause I'm not all that talkative you may have noticed  
So if I've got something to say  
You might wanna really concentrate  
Otherwise you'll miss it  
You'd wanna have a better reason than that  
I said I would share my paper hat  
You say you'd be my kind if I was a queen  
Well I am so good at pretending  
And I've fought so hard but now I'm giving in  
So we can share this paper hat I'm wearing
