

# Diana Krall, You Call It Madness

I can't forget the night I met you  
That's all I'm dreaming of  
And now you call it madness  
But I call it love

You made a promise, to be faithful  
By all the stars up above  
Now you call it madness  
But I call it love

My heart is beating, it keeps repeating  
For you constantly  
You're all I'm needing, so I am pleading  
Please come back to me

You made a plaything out of romance  
And what were you thinking of  
For now you call it madness  
But I call it love
