Diana Ross, Come See About Me

You may not how To make words rhyme Carry a tune or a clap on time now You may have no knowledge of musical things

But deep down inside of me You have created a melody You're the composer of the song That my heart sings

You may not what Quarter notes are Or what I mean by Four to the Bar now Such musical terms may be Greek to your ears

But deep down inside of me You have created a melody You're the composer of the song That my heart hears

Now it's a tender song It's like a rhapsody, a symphony This song I find in this heart of mine And it's begging you Let nothing keep us apart Oh, my darling 'Cause you put a song in my heart

Now this song that I find in my heart for you Every lyric and line I swear it's true The number one song on my personal chart

Deep down inside of me You have created a melody You're the composer of the song That's in my heart

Deep down inside of me You have created a symphony You're the composer You put a song in my heart You're the composer You put a song in my heart You're the composer You put a song in my heart
