

# Diana Ross, Is This What Feeling Gets' (Dorothy'

(Quincy Jones/Nickolas Ashford/Valerie Simpson)

Feeling?  
Feeling?  
Swear to God this is more than I can deal with  
Thinkin' back on that old song  
Where did I go wrong by caring and sharing  
Mean together no matter  
I can't stand not knowing  
Is this what feeling gets  
A hope for happy endings?  
Alone and scared  
Something I don't want to be  
What did he see when he looked inside of me?  
If this is just a dream  
How come I feel like screaming?  
This is the real world  
Gotta do what you must, girl

Well  
Can I?  
Can I?  
Is this what feeling gets?  
So is there a happy ending?  
There's nothing here but the fear of  
Will I try?  
And can I stare it in the eye  
Not ever knowing why?

Please  
Please  
Can someone tell me why?
