

# Diana Ross, Now That You're Gone

(Bernard Edwards/Nile Rodgers)

My nights grow long  
My nights grow long  
Now that you're gone  
My nights grow long

Now that you're gone  
Now that you're gone  
My nights grow long  
Now that you're gone

Now that you're gone  
I'm living my life all alone  
Or hit by a blow  
To my pride  
But I'm doing OK

I won't let you see  
What this has done to me  
I guess I'll just take it in stride  
Come what may

My nights grow long  
My nights grow long  
Now that you're gone  
My nights grow long

Now that you're gone  
Now that you're gone  
My nights grow long  
Now that you're gone

How can one do what should be done by two  
I guess that's a crazy question to ask  
I might seem happy  
But don't be fooled by my appearance  
Make no mistake  
I'm just wearing a mask

My nights grow long  
My nights grow long  
Now that you're gone  
My nights grow long

Now that you're gone  
Now that you're gone  
My nights grow long  
Now that you're gone

My nights grow long  
My nights grow long  
Now that you're gone  
My nights grow long

Now that you're gone  
Now that you're gone  
My nights grow long  
Now that you're gone

My nights grow long  
My nights grow long  
Now that you're gone  
My nights grow long

Now that you're gone  
Now that you're gone  
My nights grow long  
Now that you're gone

Now that you're gone  
Now that you're gone  
My nights grow long  
Now that you're gone

My nights grow long  
My nights grow long  
Now that you're gone  
My nights grow long
