

Diana Ross, Only Love Can Conquer All

They tell us it's better
That people should stay with their own kind
Divided by colour, afraid to be hurt by the other (yeah)
What if we try talking
We'll see we're the same on the inside
Can't let it, can't let hatred rule
Let your love in

Only love can conquer all
Only love can break down the walls
Only love can conquer all
Only love (only love)
Only love (only love)
Oh yeah

The wheel keeps, keeps on turning
We pass all our fears to our children
Rule the playground
The lines are all drawn into colours (yes)
What if we, we try harder
What if we reach out to each other (to each other)
Can't let it, can't let hatred rule
Let your love in
Let your love in

Only love can conquer all
Only love can break down the walls
Only love can conquer all
Only love (only love)
Only love (only love)
Oh yeah

Only love can conquer all
Only love can break down these walls
Only love can conquer all
Only love (only love)
Only love (only love)

Only love
(Only love)
Only love
(Only love)
Only only only
Only love
(Only love)
Only love
(Only love)

Only love
