

# Diana Ross, Soul Kiss

Kiss... Soul kiss...

If you wanna talk and you wanna laugh a while  
Or you just want silence and a smile  
If you wanna walk or just float along the Nile  
If you wanna turn the day into something kind of night  
All you have to do is breathe with your lips close to mine  
Oh. baby. that's the kinda love we've got  
We don't have to look too far to try to find a love that night

Soul kiss where love can't miss  
We found a way to hold on to the wonders of a  
Soul kiss kind of bliss  
That finds its way straight into the one you love

If you wanna cry or just listen to your sighs  
There's no judgement in these eyes  
Boy. if you wanna fly or maybe settle in Versailles  
We could just order pizza an' roll around and start a fire  
All you have to do is breathe with your lips close to mine  
oh. baby. that's the kinda love we've got  
We don't even have to stop to check the clock we're so on time

Soul kiss where love can't miss  
We found a way to hold on to the wonders of a  
Soul kiss kind of bliss  
That finds its way straight into the one you love

Baby... soul kiss...  
Kiss... soul kiss...  
Hey, come on...

Soul kiss where love can't miss  
We found a way to hold on to the wonders of a  
Soul kiss kind of bliss  
That finds its way straight into the one you love

Kiss... kiss me... the soul kiss... straight into the one you love  
If you wanna walk.. if you wanna talk... if you wanna fly... if you wanna cry  
Kiss... come on... gimme a little soul kiss...
