## Diana Ross, Soul Kiss

Kiss... Soul kiss...

If you wanna talk and you wanna laugh a while Or you just want silence and a smile If you wanna walk or just float along the Nile If you wanna turn the day into something kind of night All you have to do is breathe with your lips close to mine Oh. baby. that's the kinda love we've got We don't have to look too far to try to find a love that night

Soul kiss where love can't miss We found a way to hold on to the wonders of a Soul kiss kind of bliss That finds its way straight into the one you love

If you wanna cry or just listen to your sighs
There's no judgement in these eyes
Boy. if you wanna fly or maybe settle in Versailles
We could just order pizza an' roll around and start a fire
All you have to do is breathe with your lips close to mine
oh. baby. that's the kinda love we've got
We don't even have to stop to check the clock we're so on time

Soul kiss where love can't miss We found a way to hold on to the wonders of a Soul kiss kind of bliss That finds its way straight into the one you love

Baby... soul kiss... Kiss... soul kiss... Hey, come on...

Soul kiss where love can't miss We found a way to hold on to the wonders of a Soul kiss kind of bliss That finds its way straight into the one you love

Kiss... kiss me... the soul kiss... straight into the one you love If you wanna walk.. if you wanna talk... if you wanna fly... if you wanna cry Kiss... come on... gimme a little soul kiss...
